

## MARKET COMPARISON

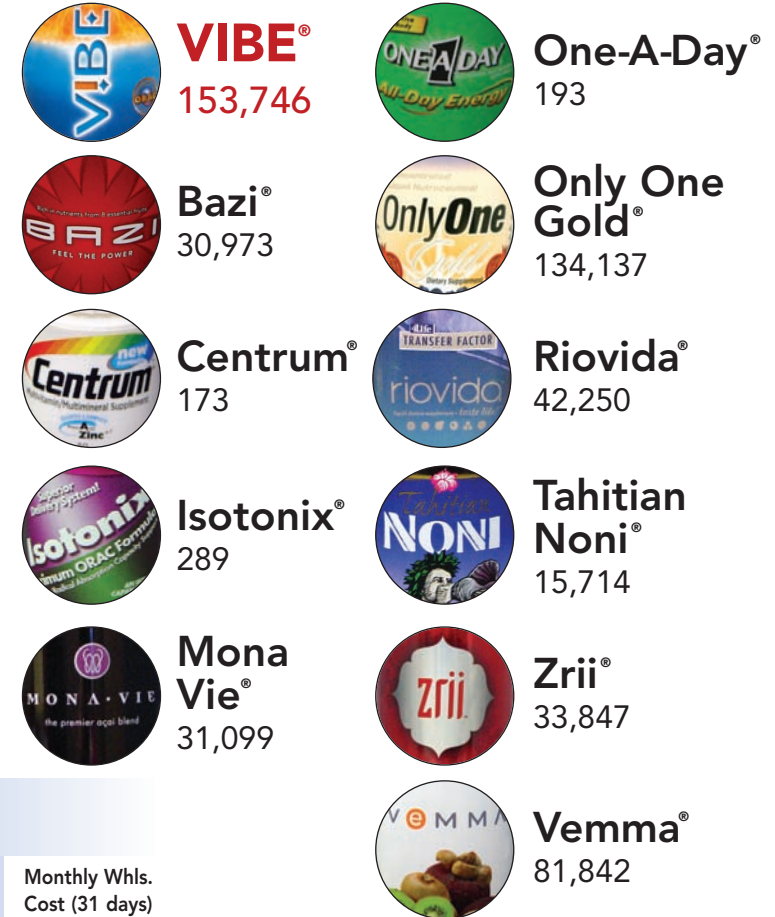

# FRUITS & NATURAL EXTRACTS

**VIBE® leads the way with Cofactor Synergy™** — VIBE® contains the leading amount of fruit and vegetable extracts from multiple sources to promote nutrient Cofactor Synergy™. Research supports the approach of broad spectrum phytonutrient nourishment, not the concept of rare “magical” berries or fruit.

\*Ingredient amounts taken directly from product. NA=Not Applicable

Out of respect for current research and the safety of VIBE® users, there are certain ingredients Eniva® has chosen not to include in the VIBE® formulations:

- No Vitamin K: For those on blood-thinners
- No Iron: For men and women with cardiovascular issues
- No Excessive Vitamin A: For aging women with compromised bones

- No artificial flavors, colorants, dyes or sweeteners
- No Mangosteen Fruit: For concern of chronic exposure to alpha-mangostin, a xanthone that could be toxic to mitochondrial function, leading to impairment of cellular respiration and production of lactic acidosis.

Reference: Wong LP, Klemmer PJ. Severe lactic acidosis associated with juice of the mangosteen fruit, *Garcinia mangostana* Am J Kidney Dis 51:829-3, 2008.
